

FACT SHEET

A stone's throw from the alluring V&A Waterfront, located alongside the Time Ball Tower – Dock House Boutique Hotel & Spa offers the ideal balance between convenience and complete privacy. The hotel's charming exterior gives way to an opulent world beyond its front door. Chandeliers and ornate ceiling cornices, among other fine touches, create a sense of Victorian charm and allude to the property's historical roots – originally the Harbour Master's private residence in the 1800s.

Since then, the building has been transformed into a distinguished boutique hotel, voted among the top 25 luxury hotels in South Africa. It has been uniquely decorated with elaborate furnishings and bold artworks, maintaining the trait of classic exquisiteness throughout the establishment.

ABOUT CAPE TOWN

Cape Town, otherwise known as "The Mother City", is a cherished destination among locals and internationals alike. The city is the legislative capital of South Africa and is located on a peninsula, on the country's southwest coast. It has, in recent years, been named the best place in the world to visit by leading international media – and the reasons for this are unmistakable. Cape Town is rich in natural beauty, diversity, entertainment and world-class developments.

The region's Mediterranean climate makes for pleasant summers, although winds can pick up. Notwithstanding Cape Town's unpredictable weather, which has earned it the reputation of having four seasons in one day, the city experiences an average of over 3 000 hours of sunshine a year. Winters are typically rainy, but the city takes on a cosy, European atmosphere which is easily embraced at one of the Winelands' many estates, alongside a fireplace.
